SECTION II

ADMINISTRATION

PROPERTY TAXATION IN COLORADO

OVERVIEW

The Colorado property tax system provides revenue exclusively for local government services. The state does not impose a levy, although by Constitution, it could do so. The largest share of property tax revenue (60.1%) goes to support the state's public schools. County governments claim the next largest share (22.0%), followed by special districts (10.8%) and municipal governments (7.1%).

The authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in Title 39, Articles 1 through 13, Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to value all taxable property within their territorial jurisdictions. The State Board of Equalization has supervision of the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation, under the leadership of the Property Tax Administrator, coordinates and administers the implementation of property tax law throughout the sixty-three counties.

RESIDENTIAL ASSESSMENT RATE

As part of an effort to head off a tax shift to residential improved property, a 1982 amendment to the Colorado Constitution provides for an adjustment in the residential assessment rate. The General Assembly is required to adjust the rate should the proportion of statewide residential value change due to a reappraisal. In 1987, the General Assembly acted on reappraisal projections and reduced the residential assessment rate from 21 percent to 18 percent of actual value.

In 1988 the General Assembly acted on actual 1987 valuations and further reduced the residential assessment rate from 18 percent to 16 percent of actual value. All other taxable property is valued for assessment at 29 percent of its actual value, except producing mines and oil and gas.

Table 1 indicates the percentage changes in the assessed values of each property class between the 1987 and 1988 property tax years.

Table 1

Class	Percent Change 1987-1988	
Vacant Land	-5.4%	See Note 1
Residential	-9.4%	See Note 2
Commercial	+0.1%	
Industrial	-1.3%	
Agricultural	-1.7%	See Note 3
Natural Res	-14.9%	See Note 4
Prod Mines	+71.2%	See Note 4
Oil and Gas	+1.7%	
State Assessed	-0.2%	
All Classes	-4.8%	

Note 1: Decrease due primarily to changes in the vacant land valuation procedures, mandating discounting based on the sell-out period.

Note 2: Decrease due primarily to a change in the residential assessment rate from 18% to 16%.

Note 3: Decrease due primarily to changes in classification from Ag land to vacant land.

Note 4: Differences due, in part, to changes in classification of properties between these two classes.

Also in 1988, the General Assembly enacted SB 184 which required the Property Tax Administrator to perform a documented residential assessment rate study for the change in level of value which will occur in 1989.

Three steps were required to perform this study. First new target percentages were established for residential real property and all other property. These target percentages were based upon the 1987 target percentages of 44.39% and 55.61% for residential real and all other property respectively. To the assessed values which these percentages represent were added 1987 net new construction and net change in volume of production of producing mines, natural resource, and oil and gas properties. Once these values had been added to residential real or all other property assessed values, as appropriate, new target percentages were calculated. The 1989 target percentages were 44.51% and 55.49% for residential real and all other property respectively.

Second, 1989 assessed values were projected using market sales data collected from 1987 and the first half of 1988. Certain classes of property are not valued using market sales and other projection techniques were used for these classes. Once projected assessed values had been determined for residential real property, the actual value of this property could be calculated by dividing projected assessed values by the then current residential assessment rate of 16%.

Third, a proportion problem was created whereby projected 1989 residential real property's actual value, multiplied by an unknown residential assessment rate, over the projected assessed value of all other property was set equal to 44.51% over 55.49%. Solving for the unknown residential assessment rate yielded an estimated residential assessment rate of 15% for 1989 and 1990.

TAXING ENTITIES

Because of provisions in the State School Finance Act, those school districts with greater than average relative increases in assessed value receive less state aid. The local property tax burden in those districts increases to fill the gap.

In 1988 the General Assembly, in an effort to stabilize this tax burden shift, began a phased-in increase in state aid to schools which will ultimately increase the state's contribution to K-12 educational programs from 43% to 50%. Those school districts with greater than average relative increases in assessed value will receive approximately the same revenues, thereby moderating increases to property tax bills.

Table 2 indicates the percentage increases in revenue by taxing entity type between 1987 and 1988.

STATE BOARD OF EQUALIZATION

Membership

The State Board of Equalization (state board) consists of the Governor or his designee, the President of the Senate or his designee, the Speaker of the House of Representatives or his designee, and two members appointed by the governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation. In 1988, state board members included Donald C. Eberle, Chairman and appointee of Governor Roy Romer; Lyle C. Kyle, Vice-Chairman and designee of Senate President Ted L. Strickland; Carl B. Bledsoe, Speaker of the House of Representatives; Kenneth L. Salazar, designee of Governor Roy Romer; and Larry Kallenberger, appointee of Governor Roy Romer.

Duties and Responsibilities

The state board has various duties concerning the administration of property tax laws and equalization of the value of classes and subclasses of taxable property. Duties of the state board are found primarily in Article X, Sections 2 and 15 of the Colorado Constitution and in Title 39, Article 9, Colorado Revised Statutes.

Among its duties, the state board reviews the findings and conclusions of the annual study and orders reappraisals in counties found not in compliance. The annual study was initiated by the 1982 amendment to the constitution, and is conducted by the Director of Research of Legislative Council pursuant to 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. The state board also reviews county Abstracts of Assessment, decisions of county boards of equalization, and the recommendations of the Property Tax Administrator.

Enforcement and Repayment Actions

On October 3, 1988, the state board met in the Old Supreme Court Chambers, State Capital, to review the findings and conclusions of Hoover, Thimgan & Associates, auditing contractor for Legislative Council. After considering all of the evidence and testimony~~, the s~~tate board concluded that two counties were not in compliance with Colorado assessment law. Each county assessor subsequently received orders to reappraise the following classes and subclasses of property.

1988 Enforcement Actions

County	Property Classes Ordered
Las Animas	Commercial
Otero	Residential

The state board further ordered that the Otero County reappraisal be conducted using county personnel, under the supervision of the state board through the Property Tax Administrator, and that the county reimburse the state for the cost of supervising the reappraisal. The Las Animas County reappraisal was ordered to be conducted by the county with the assistance of, rather than supervision through, the Property Tax Administrator. The state board directed Otero County to present a plan of reappraisal to the state board for consideration on October 20, 1988.

On October 20, 1988, the state board met to consider Otero County's plan for reappraisal. The plan was accepted.

As part of the 1982 amendment to the constitution, both counties that were ordered to reappraise will be required to reimburse the state for excess state equalization payments made to school districts. Excess state aid to schools occurs when counties are undervalued. Otero County may be required to reimburse the costs of supervision, as well.

On October 4 and 6, 1988, the state board heard testimony concerning the payback of excess state equalization payments and supervision costs resulting from 1987 orders of reappraisal. The 1987 reappraisal orders consisted of the following.

1987 Enforcement Actions

County	Property Classes Ordered
Archuleta	Residential and Commercial/Industrial
Baca	Commercial/Industrial
Bent	Ag outbuildings
Conejos	Residential, Ag outbuildings, Vacant Land, Non-Producing patented mining claims
Costilla	Residential
Custer	Commercial/Industrial

San Juan	Vacant Land, Residential-single family
San Miguel	Rural properties
Sedgwick	Commercial/Industrial
Washington	Ag dry land
Yuma	Vacant Land, Residential, Commercial/Industrial, Ag improvements

The state board ordered repayments of excess state aid to schools and supervision costs in the following amounts.

The amounts for excess state aid to schools do not include interest at 15 percent and/or 16 percent, depending on the timing of excess state aid to schools repayments.

1988 Repayment Actions

Note: Mill levy increases are allowed to fund the repayments listed above. All of the excess state aid to schools repayments will be funded by mill levy increases. Supervision cost funding is described below.

The state board found, after review of the ordered reappraisal results, that the reappraisals in Custer and Park Counties resulted in lower values and, therefore, no excess state aid to schools occurred and supervision costs would not have to be repaid.

The state board also determined that the reappraisal order for San Miguel County was not justified and, therefore, San Miguel County was not required to repay supervision costs.

For various other reasons, the state board determined that the supervision costs associated with Logan, Mineral, Rio Blanco, and Sedgwick Counties would not have to be repaid.

The state board allowed all of the remaining fourteen counties, which were ordered to reappraise classes of property in 1987, an alternative to direct repayment of the costs for their supervision. This alternative allowed the costs of supervision to be reinvested in the respective assessors' offices as a means to enhance the operational effectiveness of those offices. No mill levy increases were allowed to fund this alternative. Funding of the alternative was to occur from existing county revenue sources. All of the remaining fourteen counties eventually chose this alternative.

On October 6 and 20, 1988, the state board met to review the 1988 Abstract of Assessment for Arapahoe County and considered whether to disallow the county commissioners' exemption of the Airport Clarion Hotel. The county commissioners exempted the hotel believing that it fell under the statute governing exemptions for certain property owned by and leased from public airport authorities. The state board disagreed with the county commissioners' interpretation of the statute and ordered the county to reinstate the taxable value of the hotel for 1988.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Division of Property Taxation is headed by the Property Tax Administrator. The Administrator is appointed by the State Board of Equalization to serve for a five-year term and until a successor is appointed and qualified.

The primary responsibility of the Division of Property Taxation (division) is to administer the implementation of property tax law throughout the sixty-three counties so that valuations are fair, uniform, and defensible; and, thereby, that each property class contributes a fair share, no more and no less, to total property tax revenue. In other words, the division's goal is equalization of valuation and proper distribution of property taxes throughout the state. The division is composed of five sections: Appraisal Standards, Assessment Administration, Central Resources, State Assessed Properties, and Exempt Properties.

Appraisal Standards staff conduct all appraisal courses and develop appraisal procedures for residential, commercial and industrial properties, agricultural land, natural resource, and recreational properties. They provide workshops in specialized areas of valuation; conduct schools dealing with the cost, market, and income approaches to value; and research, write, and publish manuals dealing with appraisal. Consultation and assistance is provided to county staffs with appraisal problems.

Assessment Administration staff conduct all courses dealing with the administration of an assessor's office; and research and develop manuals on assessment procedures and legal references. They provide workshops in specialized areas of assessment administration such as certification of values and levies, title conveyance, and parcel mapping. The section serves as primary liaison to the sixty-three counties in determining existing and future needs for assistance from the division in any area.

Central Resources coordinates and edits division publications, conducts research projects for the division and the General Assembly, processes abatement petitions, publishes the mobile equipment manual for county clerks and recorders, and provides data processing coordination. The section provides administrative services for the division, the State Board of Equalization, and the Statutory Advisory Committee to the Property Tax Administrator. In addition, the section deals with taxpayer complaints and serves as a liaison and coordinator with a variety of agencies with an interest in property taxation.

State Assessed Properties values all public utilities and rail transportation properties in the state.

Exempt Properties examines all applications for exemption from property taxation for property claimed to be owned and used solely and exclusively for religious worship, private schools, or strictly charitable purposes, and makes determinations on these cases. Annual reports of exempt properties are reviewed to determine continuations of the exemptions.

1988 PROPERTY TAX LEGISLATION

HCR 1009 Property tax exemption for non-producing unpatented mining claims. Creates an exemption from property taxation for non-producing unpatented mining claims.

This constitutional amendment was passed by the voters at the 1988 general election and made effective January 1, 1989 by signature of the Governor.

Note: See 1988 Senate Bill No. 134, concerning the county clerk fee for recording unpatented mining claims.

SB 83 Ad valorem tax - collection on fractional interests in oil and gas wells. Allows the unit operator to place property taxes collected from owners of fractional interests in wells or fields operated as units for the production of oil, gas, or other hydrocarbons in a regular bank account rather than in an escrow account. Eliminates the requirement that the county treasurer be a co-owner of the account.

Modifies the reasons for which the treasurer can waive the requirement that the unit operator place the collected property taxes in an account to include: 1) the timely payment of the tax by the unit operator during the past three property tax years, 2) the timely payment of the tax by a unit operator for the period of time which the unit operator has been in operation in a county when the period is less than three property tax years, or, 3) the unit operator has operated in a county for a period of less than one property tax year. States that the failure of any unit operator to remit ad valorem taxes collected from the fractional interest owners of the unit constitutes the crime of embezzlement.

APPROVED by Governor April 14.
EFFECTIVE April 14, 1988.

SB 113 Powers relating to unincorporated areas - expenses of officers. Recognizes the problems which county governments face in meeting the demands of residents of unincorporated areas due to the restrictions on the authority of county governments. Requires the executive director of the department of local affairs to appoint a committee to study whether county governments should have the ability to adopt ordinances and establish fees applicable to these unincorporated areas. Establishes the composition of the committee and requires the committee to make recommendations regarding possible statutory changes to the general assembly no later than November 15, 1988.

Provides that the expenses of elected county officers incurred during county business may be allowed by the board of county commissioners and paid out of the county treasury.

APPROVED by Governor April 14.
EFFECTIVE April 14, 1988.

SB 126 Limitation on increases in tax levies - exclusion of tax levies imposed as result of undervaluation of taxable property. Excludes property tax levies, for the payment of expenses incurred in reappraisals of taxable property as ordered by or conducted by the State Board of Equalization and for the payment to the state of excess state equalization payments due to the undervaluation of taxable property, from the limitation on increases of tax levies.

APPROVED by Governor May 29.
EFFECTIVE May 29, 1988.

SB 134 Unpatented mining claims - recording fee for affidavit of annual labor. Establishes a fee of $5 for recording with the county clerk each unpatented mining claim named in an affidavit of annual labor.

APPROVED by Governor April 6.
EFFECTIVE January 1, 1989.

SB 184 Property tax - adjustment of residential ratio of valuation for assessment - tax levy limitations - valuation of vacant land, public utilities property and rail transportation property - property tax deferral on mobile homes - estimates mailed with notices of valuation - property tax credit - abatements and refunds. Establishes a procedure to adjust the ratio of valuation for assessment for residential real property, in each year in which there is a change in the level of value used in determining actual value, to insure that the percentage of the aggregate statewide valuation for assessment which is attributable to residential real property remains the same as it was in the year immediately preceding the year in which this change occurs.

Requires the Property Tax Administrator to use the 1987 aggregate statewide valuation for assessment plus the 1988 net change in valuation for assessment attributable to new construction and the net change in the volume of mineral and oil and gas production to determine the target percentage for 1989, in order to insure that any deviation which occurred in the 1987 property tax year is not perpetuated into future years. Requires the State Board of Equalization to adjust the estimated 1989-1990 residential ratio if, upon review of actual 1989 valuations, the ratio is found to be in error by .5 percent or more.

Sets the ratio of valuation for assessment for residential real property for the 1988 property tax year at 16%. Modifies certain dates in the assessment calendar for taxing entities to take into account the adjusted residential ratio.

Reduces the annual allowable increase in tax levies for certain taxing entities from 6% to 5 1/2%. Beginning January 1, 1990, requires the division of local government to submit an annual report to the general assembly concerning the taxing entities: 1) which did not impose the maximum levy in the previous year, 2) which levied an amount of property tax equal to the amount of revenue which could have been levied in the previous two years plus the maximum levy allowed for the current year, and 3) the impact of these levies on taxpayers. Repeals the authority for these cumulative property tax levies on June 30, 1991.

For the 1988 property tax year and thereafter, prohibits any taxing entity from levying property tax for a purpose which is exempt from the tax levy limitation in an amount which is greater than the amount of revenue required for that purpose in any year. Requires any taxing entity which violates this prohibition to refund the amount of excess property tax to the taxpayers on a proportional basis.

Defines the terms "vacant land" and "site improvements". Requires that assessors give appropriate consideration to the three approaches to valuation in determining the actual value of vacant land. When using the market approach to appraisal, specifies certain factors which assessors must take into account. In determining present worth for use in applying the anticipated market absorption rate, requires assessors to use appropriate discount factors until at least 80% of the lots within an approved plat have been sold and to use a time period of generally not longer than 10 years.

Directs that a valuation for assessment study be conducted in the division of property taxation to determine whether or not the Property Tax Administrator has complied with all provisions of law and the state constitution in determining the actual value of the operating property and plant of each public utility and the actual value and valuation for assessment of all rail transportation property.

Requires any finding of the State Board of Equalization made in 1988, upon which a reappraisal order is written, to be based primarily on data and information collected from within the county, except where data is lacking or deficient. Specifies that, when data and information from outside the county is used, that data shall be from a comparable area. Requires the State Board of Equalization to revise any finding made in regard to property tax year 1987 when data and information from outside the county in question was used. Expands judicial review of the decisions of the State Board of Equalization to include the issue of the validity of any valuation for assessment study conducted.

For the property tax year 1989 and thereafter, allows a person who is 65 years of age or older to have the property taxes on his mobile home deferred in the same manner that a person may have the taxes on an owner-occupied residence deferred. Requires that the taxpayer claiming the deferral own the mobile home or be purchasing the mobile home under a recorded instrument of sale. Mandates that the certificate of tax deferral be filed and recorded with the authorized agent of the department of revenue in the county or city and county within which the mobile home is located.

Eliminates the assessment of fees for issuance of a certificate of title for a tax-deferred mobile home. Eliminates the ability of assessors to include estimates of property taxes along with notices of valuation unless approved in writing by all taxing entities in the county. These approvals authorize the assessor to send estimates of property taxes to property owners and allow the estimates to be mailed together with notices of valuation. Requires the estimates to be based on the previous year's budgets and anticipated revenue growth.

States that any change or adjustment of the assessment percentage for residential real property does not constitute grounds for protesting or abating property taxes. Requires assessors to submit additional data when filing abstracts of assessments with the Property Tax Administrator.

Provides a property tax credit for incorrect valuations used for property taxes levied in 1987 for collection in 1988. Establishes procedures and eligibility requirements for the tax credit. Specifies the amount of tax credit to be given. Directs that tax credits generally be applied to 1989 tax bills. If the amount of the tax credit exceeds the amount of property tax levied, provides for a refund of the excess.

Requires assessors to give public notice of the availability of the tax credit and directs treasurers to report to the Property Tax Administrator all property tax credits and refunds granted.

Establishes errors in valuation as a ground for abatement or refund of property taxes levied on or after January 1, 1988. Allows the abatement or refund of property taxes levied prior to January 1, 1988, based upon errors in valuation only if the valuation is the subject of an appeal which, on the effective date of this provision, is pending or upon which a decision or order has been issued. After January 1, 1990, disallows an abatement or refund unless a petition is filed within one year after the taxes were due or within one year after the issuance of an order or decision regarding an appeal, whichever is later.

Allows for the abatement of property taxes levied on certain types of exempt property because of the failure to comply with the application or annual report requirement due to a good faith mistake of fact by the owner of exempt property or because of the failure of the Property Tax Administrator to examine and review applications or annual reports.

Increases the dollar amount of property tax abatements or refunds requiring review by the Property Tax Administrator from $300 to $500.

Requires the county treasurer to file an annual report with the Property Tax Administrator which includes all taxes abated, refunded, or canceled.

Authorizes any taxing entity to adjust the amount of its tax levy by an additional amount not exceeding its proportional share of the total amount of tax credits and refunds granted.

Allows property tax exemption applications filed on and after January 1, 1988 to be effective the year prior to the year in which application for exemption is made. States that property taxes shall not be due and payable on property while the application is pending.

Increases the application fee for an application for exemption from $50 to $75.

Decreases the interest rate paid by the county, if a tax lien is sold in error, from 9 percentage points above the discount rate to 2 percentage points.

Appropriates $31,821 to the department of local affairs & $14,000 to the department of the treasury for implementation of the act.

APPROVED by Governor May 23.
PORTIONS EFFECTIVE May 23, 1988,
January 1, 1989.

SB 187 Property tax - emergency property tax deferral for depositors of troubled industrial banks. Permits depositors of troubled industrial banks to defer property taxes levied in 1987 for collection in 1988 for a specific period of time. Provides that no interest shall accrue on taxes deferred until February 1, 1990, with the accrual rate of 8% per annum thereafter; except that, once a depositor settles his account with his failed industrial bank, interest shall accrue on taxes deferred at 18% per annum and these taxes will become due and payable to the state treasurer within 90 days after settlement.

APPROVED by Governor May 29.
EFFECTIVE May 29, 1988.

HB 1015 Property tax - valuation for assessment of federal property used for recreational purposes. Provides that property taxes shall be levied and collected on only the possessory interest of the lessee or permittee of lands owned by the United States and leased or permitted for use for recreational purposes in connection with a business conducted for profit. In order to give appropriate consideration to the cost approach, the market approach, and the income approaches to valuation, requires the actual value of these possessory interests to be determined by capitalizing, at a certain rate, the annual fee paid by the lessee or permittee of this land for the land's use in the immediately preceding calendar year; and, then adjusting the rate by the use of certain factors in the same manner as for personal property. Specifies certain elements which must be included in the rate of capitalization.

BECAME LAW without Governor's signature April 8.
EFFECTIVE April 8, 1988.

HB 1016 Property tax - definitions - library districts - limitation on tax levy increases - level of valuation - delaying implementation of annual reassessments - appeals. Clarifies the definitions of "fixtures" and "personal property". Defines additional terms.

Conforms the limitation on tax levies for library districts to the limitation imposed on other taxing entities.

Reduces the annual allowable increase in tax levies for certain taxing entities from 6% to 5 1/2%.

Authorizes counties to levy a specified amount of property tax in 1988 and 1989 to be used for the operation and improvement of county assessors' offices.

Extends the two year reassessment cycle through 1992 and delays the implementation date of annual reassessments until January 1, 1993. Requires that the level of value be adjusted to the final day of the period of time used to determine the level of value. Allows the assessor to use a five year period to determine the level of value if comparable valuation data is not available from the specified eighteen month period. On and after January 1, 1989, requires the assessor to adjust the actual value of property during the intervening year of a two year reassessment cycle to reflect the increase or decrease in the actual value attributable to any occurrence, condition, factor, act, or change which results in the actual value of any property being 5% less than or 5% more than the correct level of value. Requires the assessor to consider physical, functional, and economic obsolescence in determining the actual value of personal property.

For appeals of valuation of taxable property, states that the filing with the county treasurer of a written stipulation between a property owner and the county board of equalization regarding the valuation of property has the same force and effect as the filing of an order of the Board of Assessment Appeals; and, that any appeal of a valuation pending before the Board of Assessment Appeals or an arbitrator is, thereby, automatically withdrawn. Clarifies that regarding 1987 property valuations which have been decided by county boards of equalization, appealed to district court, or appealed to the Board of Assessment Appeals and which have not been heard or adjudicated, may be submitted to arbitration.

Requires that any communication to a taxpayer regarding the rate of property taxation be converted from mills to dollars per thousand dollars of valuation for assessment of taxable real or personal property.

Requires the assessor to notify any person who fails to make a full and complete disclosure of personal property for assessment purposes, and to allow ten days from the date of the notice for the person to comply with disclosure requirements, prior to the imposition of any penalty.

Repeals references to the pollution control income tax credit and to pollution control property. Repeals a statutory reference to agricultural supplies because supplies are constitutionally exempt from the levying of property tax.

APPROVED by Governor May 29.
PORTIONS EFFECTIVE May 29, July 1, and August 1, 1988; January 1, 1993.

HB 1044 Property tax - timing of taxpayers' appeals of property valuations - contents of annual notice of valuation - appeal process - county board of equalization notices of denial of an appeal - composition of Board of Assessment Appeals. Changes the dates by which an assessor sends the taxpayer notice of an increased valuation of property and hears protests of increases; and, by which the taxpayer may petition the county board of equalization for review of the assessor's decision. For property tax years beginning on or after January 1, 1988, places oil and gas leaseholds and lands on the same calendar as personal property regarding the mailing of notices of valuation and the appeal of these valuations.

For property tax years commencing on or after January 1, 1989, requires that the notice of valuation mailed to taxpayers include information regarding the property's actual value and the ratio of valuation for assessment. Requires the notice to set forth the taxpayer appeals process and the administrative and legal remedies available to the taxpayer. Directs the assessor to mail with the notice a form which, if completed by the taxpayer, initiates an appeal of the assessor's determination.

Allows the taxpayer, whose appeal to the county board of equalization has been denied, the option of submitting the case to arbitration rather than appealing to either the Board of Assessment Appeals or district court. Specifies that the decision reached under arbitration is final and not subject to review. Directs the board of county commissioners to develop a list of persons who are qualified to act as arbitrators and requires the board of county commissioners to participate in arbitration if the taxpayer notifies them that this remedy will be pursued. Outlines the arbitration process, including how an arbitrator is to be selected. Allows any taxpayer who has appealed a 1987 property valuation to either the Board of Assessment Appeals or district court to submit the case to arbitration. States that appeals to district court shall be for a trial de novo and that appeals to the Board of Assessment Appeals are subject to further review by the court of appeals.

For property tax years commencing on or after January 1, 1988, requires the county board of equalization, when denying an appeal, to notify the taxpayer of the options for review of its decision and of various consequences associated with each option.

Authorizes the general assembly to provide, by appropriation, for the appointment by the governor of two additional members to the Board of Assessment Appeals if an extraordinary workload prevents the Board of Assessment Appeals from completing all appeals before the last day of the calendar year for property tax years commencing on January 1, 1988 and thereafter.

APPROVED by Governor April 29.
EFFECTIVE April 29, 1988.

HB 1048 - Treasurers' fees - increases - additions. Increases fees charged by county treasurers for certain clerical and documentary services including the following fees:

1) $2 rather than $.50 for copies of current year tax receipts;

2) $5 rather than $1 for copies of prior year tax receipts;

3) $10 rather than $5 for certification of taxes due on outstanding lien sales for unpaid taxes;

4) $10 or the estimated costs to be incurred, whichever is greater, rather than $2.50 or the actual cost of advertising, whichever is greater, for advertising of each parcel to be sold for delinquent taxes;

5) $4 rather than $2 for each certificate of purchase;
6) $5 rather than $.50 for certification of subsequent taxes paid;

7) $35 for processing an unadvertised application for treasurer's deed;

8) $75 for processing an advertised application for treasurer's deed;

9) $4 rather than $1 for assignment of a certificate

10) $7 rather than $2 for each certificate of redemption.

Eliminates the $.25 fee charged in addition to the cost of publication for a notice of purchase required to be served before a treasurer's deed may be issued.

Adds to the treasurer's fees a $15 fee for preparation of a distraint warrant and a $15 per hour fee for research. Changes the penalty for all checks returned for insufficient funds from $5 to $15.

APPROVED by Governor March 17.
EFFECTIVE January 1, 1989.

H.B. 1229 Subdivision exemption plats - creation process - prohibition of vacation of roadways. Authorizes counties to develop with the consent of affected property owners, a "subdivision exemption plat" when the legal descriptions of the subdivided properties contain inaccuracies which jeopardize the owners' use and conveyance of these properties. Defines "subdivision exemption plat" and sets forth the process for creating this plat including the following: 1) the requirement that the board of county commissioners designate the land to be included in the exemption plat as a land division study area; 2) that the board of county commissioners hold a public hearing on the plan for the exemption plat and that the plan include an estimate of the costs of the plat and notice that the costs be assessed to property owners who consent to the plan; and, 3) that property owners participating in the exemption plat convey title to their property to the district court which shall hold these titles until the exemption plat has been recorded by the county clerk and recorder. Specifies how the process for the exemption plat may be canceled. Limits the liability of the board of county commissioners and the district court with regard to defective titles.

Prohibits the vacation of roadways which are platted or deeded or which exist by right of usage if vacating a roadway leaves any land which adjoins it without a public road or private-access easement to another public road.

APPROVED by Governor April 20.
EFFECTIVE April 20, 1988.

HB 1257 - Adoption of budget - failure to adopt - time of delivery of tax warrant. Requires the governing body of a local governmental entity to adopt a budget before certification of the mill levy. States that, if the governing body fails to adopt a budget, then 90% of the amounts appropriated in the last appropriation ordinance or resolution be reappropriated for the several objects and purposes specified in the last appropriation ordinance or resolution.

Requires the county assessor to deliver the tax warrant no later than the first business day, rather than the first day, in January of each year.

APPROVED by Governor April 6.
EFFECTIVE April 6, 1988.

SECTION X

CERTIFICATION OF REVENUES AND LEVIES BY COUNTY AS OF JANUARY 1, 1989

The assessed values reflect those values existing in the counties on the date the levies are certified by the county commissioners, December 15. See: 39-1-111(1), 39-1-111(5), and 39-5-125, C.R.S.

FOOTNOTES:

(A) Excess Levy approved by Division of Local Government.
(B) Excess Levy Revenue voted at Special Election.
(C) Head - Per Head
(D) Acres - Per Acre
(E) Acre Feet - Per Acre Feet
(F) Wells - Per Well

School District Coding:

School District within the county;
Designated by the last position of the code which is assigned either an "0" or a "5".

Joint School Districts between counties:
Designated by the last position of the code consisting of the number "1" through "4". The Headquarter County is designated by the code number "1". The adjoining counties are indicated by a code number of "2", "3", or "4", assigned to the counties alphabetically.

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuation.

* These figures include tax increment valuation, and all tax revenues attributable to the increment are allocated to the increment financing authority only.
